Python Full-Stack & Cloud Engineer with hands-on experience in backend development, cloud-native systems, AI-powered applications, and analytical dashboards. Skilled in Python, Java, Streamlit, Docker, Kubernetes, GCP, and automation workflows. Strong open-source contributor with leadership experience as a mentor and project admin across multiple community programs. Adept at building scalable platforms, optimizing deployments, and delivering user-centric applications.

Education

Christ University , MCA	Jul 2024 – present Ghaziabad, India
Vision Group of Commerce, BCA	Jul 2021 – Apr 2024 Chittorgarh, India

Projects

Zip Tales  <i>Tech: Python, Gemini AI, Blockchain, Streamlit</i> <ul style="list-style-type: none">Developed a system that detects fake news using ML and crowd-sourced validation.Integrated Blockchain for tamper-proof verification records.	Jun 2025 – Present
Car Sales Analysis  <i>Tech: Python, Streamlit</i> <ul style="list-style-type: none">Built an AI-enhanced dashboard for trend analysis and data visualization.	Apr 2025 – Apr 2025
Chatting Application  <i>Tech: Java Swing, Socket Programming</i> <ul style="list-style-type: none">Designed a multi-client chatting system supporting seamless communication.	Jan 2025 – Jan 2025
Bank Management System / ATM Simulator  <i>Tech: Java</i> <ul style="list-style-type: none">Implemented key ATM features: cash withdrawal, deposits, PIN management, and transaction history.	Dec 2024 – Jan 2025
Step into Style  <i>Tech: HTML, CSS, JS, PHP</i> <ul style="list-style-type: none">Built a dynamic product-display website with enhanced UI elements.	Apr 2023 – Jun 2023

PAPER / RESEARCH

Comparative Analysis using on Phishing URL's using Machine Learning and Deep Learning <ul style="list-style-type: none">Studied ML vs. DL model accuracy for phishing detection and URL classification.
--

Professional Experience

Python Full Stack Developer Intern <i>OctoDo Solutions</i> <ul style="list-style-type: none">Refactored a Python-based hydraulic design system and improved cost prediction accuracy using Linear Regression.Debugged and validated system logic to ensure reliable engineering outputs.Built n8n automation workflows for SEO tasks, reducing manual work by 60%.Integrated Semrush APIs to automate keyword tracking, backlink monitoring, and competitor analysis.	May 2025 – Jul 2025 Noida 62, India
Project Admin <i>Google Developer Student Clubs</i> <ul style="list-style-type: none">Led project contributions and managed workflows for student developers.Supported contributors with technical guidance and resource planning.	Feb 2025 – Mar 2025
Mentor , Project Admin & Contributor <i>Social Winter of Code (SWOC)</i> <ul style="list-style-type: none">Mentored students on open-source best practices and project structures.	Jan 2025 – Mar 2025

- Reviewed PRs, guided contributors, and standardized documentation.

Mentor

Jan 2025 – Feb 2025

Kharagpur Open Source Society

- Assisted students in solving development challenges and contributing effectively to open-source repositories.

Contributor

Jan 2025 – Feb 2025

Android Club - VIT Bhopal

- Contributed to Android-based and backend-supported open-source projects.

Web Development Intern

Sep 2024 – Oct 2024

CodSoft

- Developed responsive webpages resulting in **18% improvement** in user engagement.
- Reduced page load time by **25%** with UI/UX improvements and frontend optimization.

Project Admin

Jul 2025 – Oct 2025

GirlScript Summer of Code

- Reviewed **50+ pull requests** and ensured coding standards, improving overall code quality by **20%**.
- Improved contributor onboarding speed through documentation refinements.

Achievements

Finalist, Hackathon

Jun 2025

ABV-IIITM

Gwalior, Madhya Pradesh, India

Skills

Programming & Development

Python • Java • PHP • JavaScript • Web Development • Android Development • JDBC Connectivity • OOP • REST APIs • Git • GitHub • VS Code

Cloud & DevOps

Google Cloud • Docker • Kubernetes • Containerization • Orchestration • Virtualization • Cloud Computing • LM Studio • Linux Administration • CI/CD (Basic)

Database & Servers

MySQL • XAMPP Server • SQL Queries • Database Management • Data Migration

SEO & Marketing Tools

Semrush (On-page SEO • Off-page SEO • SEO Automation)

Collaboration & Contribution

Open-Source Contribution • Project Administration • Documentation • Mentorship • Issue & PR Management

Frameworks, Libraries & Tools

Streamlit • NumPy • Pandas • Socket Programming • HTML • CSS • Java Swing

Automation & Workflow

n8n • Ngrok • Workflow Automation • API Automation

Data & Analytics

Machine Learning • AI/ML • Data Preprocessing • Linear Regression • Model Evaluation • Cost Optimization Techniques • Data Visualization • Manual Testing • Bug Fixing

Design & Prototyping Tools

Figma • Canva • Penpot • UI/UX Wireframing (Basic)

Operating Systems

Linux • Windows

Certificates

- AWS ACADEMY Cloud Foundations, AWS
- Google Cloud Arcade Facilitator, Google Cloud
- Cyber Security Training — DUCAT Noida
- Artificial Intelligence Fundamentals, IBM SkillsBuild
- International Conference on Indian Economy as Global Leader (ICIEGL-2022), Vision Group of Colleges
- Data Visualization (POWER BI), RCPL (Ritusha Consultants Pvt. Ltd.)
- Gen AI Academy, Google Cloud
- VIUP111 — Artificial Intelligence, Intel Corporation
- Augmented Reality vs Virtual Reality (AR/VR), AI Guild Delhi NCR
- Data Analytics and Big Data training, IBM
- Data Visualization (TABLEAU), RCPL (Ritusha Consultants Pvt. Ltd.)
